

## VISION STATEMENTS

### Our Vision of Our School

We at Creston believe that a positive school environment along with realistically high expectations will foster positive self-esteem, pride, self-discipline, social skills, and independent students.

To achieve this environment we unite to offer opportunities for a variety of skills leading to avenues of success. Through teacher professional growth, we will stretch to meet the challenges presented by students.

We support family unity, community involvement, and efforts at developing partnerships with the business community that will enhance economic growth. We further know that this commitment will lead to achievement, hope, and success for the individual and the community.
